MESOS BUSINESS SCHOOL

MESOS BUSINESS SCHOOL is recognized for its unique ability to train and support institutional leaders. We build bridges connecting academia, the business world and international societies to contribute to a more sustainable global community.

The school, its programs, and activities are led by industry champions and esteemed academics- crisscrossing scholarly excellence with empirical practice.

Spread out across the continents in the Business hubs of today's metropolises - staying true to our motto "Born Global, Local Roots".

OUTLINE

The micro-credential in project management affords a framework and tools to design, manage and monitor a project. It emphasizes the methodological approach as well as the management issues involved in the conduct of a new project. Students will be coached in their journey by experienced academics and professionals.
